

## PROJECT MANAGER

*A unique opportunity to embrace technology, travel within Ontario, and work outdoors.*

*Come work at a rapidly growing engineering firm that is staffed with industry experts, has great benefits, and prides itself on developing our people.*

### **The Company**

Planview Utility Services is an engineering firm that provides engineering design, sub-surface investigation and geographical information related services to telecommunication companies and electric utilities. Our workforce is a mix of veterans of the industry and youthful enthusiastic technical resources. We have pride in our collegial culture and host multiple regular corporate sponsored social activities. Our embrace of the use of technology plays a large part in our success.

### **The Position**

As a Project Manager you will:

- Assume a reporting manager role with respect to Design and CAD resources.
- Track and manage activities to meet budgets and timelines.
- Develop successful project models using industry best practices.
- Support CAD developments and learning, and troubleshooting drawing quality.
- Support Design and CAD inter-working to produce accurate drawings with consideration to economy of build.
- Support Design activities from a resourcing perspective
- Provide Client information and determine scope adherence to SOW.
- Lead Project calls with third party partners and clients.
- Business and program development.

### **Preferred Skills**

- 5 to 10 years of experience with telecom/utility design projects.
- Leadership level technical skills in survey and CAD methods with the ability to prepare customized methods of procedure for unique projects.
- The ability to manage several small projects simultaneously.
- Experience with municipal and electrical consent processes.
- Established contacts in either the telecom or utility industry.
- Post-secondary technical training (engineering discipline) or significant relevant technical experience.

### **The Location**

Planview Utility Services has 3 offices – Markham, London and Ottawa. Our clients and their projects are based throughout the province. Travel is important to this position, and you may be working east, west or north of the GTA based on our clients' needs.

### **Why You Should Apply**

If you like to work as a part of a team, work alone, travel, contribute to infrastructure builds, work outdoors, receive competitive compensation, and be trained in current practices, then you should apply.

### **Note**

Planview Utility Services Ltd is an Equal Opportunity Employer.

In accordance with the Accessibility for Ontarians with Disabilities Act, 2005 and the Ontario Human Rights Code, Planview Utility Services Ltd will provide accommodations to applicants with disabilities throughout the recruitment, selection and/or assessment process. If selected to participate in the recruitment, selection and/or assessment process, please inform Human Resources staff of the nature of any accommodation(s) that you may require.
